1749 KAHL, Oliver. Love is a malady: remnants of a lost Arabic work on medical deontology. *Journal of Semitic Studies*, 64 i (2019) pp. 185-198. Offers, in edition and translation, nine fragments from an otherwise lost Arabic compendium on doctoral responsibilities, titled *Mā lā yasa' u al-ṭabīb jahluhū*. The work was composed by a certain Ibn as-Sarī, presumably in the early decades of the eleventh century in northern Iraq. The extant fragments were selected by the 'Ubayd Allāh Ibn Buḥāsū'.
