

VEKEMANS, Tine. *Digital & diaspora: intertwined frontiers of contemporary Jainism*. Baden-Baden: Ergon, 2022 (Beiträge zur kulturwissenschaftlichen Süd- und Ostasienforschung, 12). 240 pp. Based on extensive ethnographic fieldwork in the UK, the US, and Belgium, as well as an analysis of a wide array of digital sources, this volume conceptualises the digital and the diaspora as separate but intertwined frontier-spaces in which religious adaptation and change can be expected to occur.
