1193 VIDRO, Nadia. Non-Rabbanite Jewish calendars in the works of Jacob al-Qirqisānī and Saadia Gaon. *Aleph: Historical Studies in Science & Judaism*, 21 i (2021) pp. 149-187. A study of non-Rabbanite medieval Jewish calendars described in tenth-century Babylonian works: *Kitāb al-Tamyīz* and the *Commentary on Genesis* by Saadia Gaon, and *Kitāb al-Anwār wal-Marāqib* by Jacob al-Qirqisānī. Assesses the trustworthiness of Saadia's and al-Qirqisānī's reports and suggests that they reflect real calendars of the period with some degree of accuracy. *Takvim 190218 Kirqisani 7. 6113141*

- 3308 KRAKOWSKI, Eve & STERN, Sacha. The 'oldest dated document of the Cairo Genizah' (Halper 331): the Seleucid era and sectarian Jewish calendars. *Journal of the Royal Asiatic Society*, 31 iii (2021) pp. 617-634. Examines a Jewish legal text dating to the latter part of the 9th c. "The specific date of the document deviates from the rabbinic calendar, but agrees with that of the contemporary Jewish Near Eastern sectarian groups of Abū 'Imrān al-Tiflīsī and Ismā'īl al-'Ukbarī; this document could thus uniquely attest one of these sectarian Jewish calendars."
