

7251 ANOOSHAHR, Ali. *Turkestan and the rise of
Eurasian empires: a study of politics and invented
traditions*. New York: Oxford University Press, 2018.
209 pp. "It has long been known that the origins
of the early modern dynasties of the Ottomans,
Safavids, Mughals, Mongols, and Shibaniids in the
sixteenth century go back to 'Turco-Mongol' or
'Turcophone' war bands. However, too often has this
connection been taken at face value, usually along
the lines of ethno-linguistic continuity."
