SALEH, Walid A. & ALLY, Shuaib. A lacuna in the new Imām University Edition of *al-Basī*: a critical edition of Q 4:41-53 and a review. *Journal of Abbasid Studies*, 6 i (2019) pp. 1-51. "The critical Imām University Edition of 2009 spans twenty-five volumes. It is rather unfortunate that this edition has left the task of studying the manuscript transmission of the work out of the picture. As a result, there is a lacuna in the edition covering verses Q 4:41-53, a substantial portion."
